FCSO Increases Presence for Bike Week 2026

BUNNELL, Fla. — The Flagler County Sheriff's Office will have an increased presence during the 85th Annual Daytona Beach Bike Week to ensure that residents and visitors remain safe during the event. Sheriff Rick Staly urges everyone to be prepared for extra traffic and remember to look twice throughout Bike Week.

Bike Week 2026, which runs from Feb. 27 to March 8, is expected to bring over 300,000 visitors to the area. Although there are no official Bike Week events being held in Flagler County, the county's proximity to Daytona Beach means that residents can still expect an increase in motorcycle traffic on roadways, as well as increased activity at bars, restaurants, and hotels throughout the week.

As Flagler County roads are set to see an influx of motorcyclists, FCSO will be out in full force countywide to keep roadways safe, manage traffic, and deter any potential criminal activity. This increased activity includes enforcement and education details from the FCSO Traffic Enforcement Unit, who will have a visible presence and target high crash locations, speeding, and aggressive driving. Additionally, several DUI and reckless driving operations will be conducted throughout the week.

Sheriff Staly reminds both residents and visitors to practice safe driving and common sense, no matter whether they are driving a car or a motorcycle.

"Bike Week is an exciting but busy time, so we want to make sure that everyone attending the festivities can have a good time, while also keeping our residents who are not bikers safe too," said Sheriff Staly. "Deputies, including our Motors Unit, will be actively patrolling throughout the week to deter any reckless, distracted, or aggressive driving and criminal activity. Still, it's important that

everyone does their part. Never drink and drive, stay vigilant, look twice to save a life, and drive free from distractions. And remember, if you 'see something, say something' by reporting suspicious activity."

Residents and visitors are encouraged to report suspicious activity to the Flagler County Emergency Communications Center by calling 386-313-4911. In the event of an emergency, call 911.
